We received the FEMA Letter of Final Determination dated April 16th 2015 regarding new Flood Insurance Rate Maps. We have 6 months from the date of the letter to go over the model ordinance, hold a public hearing and present it to county board. The recommendation, after review of the existing and model ordinance, is to repeal and recreate an ordinance. The amendment process would not work. Map references and fifteen new definitions were discussed. The completed ordinance will be brought to the July 14th meeting for a 9:30 public hearing. We will then need to present the ordinance at the August 18th County Board meeting to meet the adoption deadline in October.
