Under W-2, there is no entitlement to assistance. The program is available to low-income parents with minor children who meet eligibility requirements and who are willing to work to their ability. Each W-2 eligible participant meets with a Financial and Employment Planner (FEP), who helps the individual develop an employability plan.

SPECIAL NEEDS SERVICES AND PROGRAMS

Crawford County Health & Human Services608-326-0248

- **Birth to 3 Program** - Wisconsin’s early intervention program for infants and toddlers with developmental delays and disabilities and their families. If you are concerned about your child’s development, don’t wait! Contact your Crawford County Birth to 3 Program or your doctor for information.
- **Children’s Long-Term Support Waivers** - provide a structure within which Medicaid funding is available to support children who are living at home or in the community and who have substantial limitations in multiple daily activities as a result of one or more of the following disabilities: developmental disabilities, severe emotional disturbances, and physical disabilities. Funding can be used to support a range of different services that are identified based on an individual assessment of the child and his or her needs.
- **Children’s Community Options Program** provides individual services and supports to families that include a child with severe disabilities. The program recognizes that meeting the needs of children who have severe disabilities may place hardships on a family’s emotional, physical and financial resources. The program offers: information and help in finding services and maximizing community resources; limited funding to buy needed services and goods that can’t be bought through other sources; help in linking families with other families to strengthen natural supports.
- **Coordinated Services Team (CST) Initiative-** targeted to children and families involved in two or more systems of care (such as mental health, long term care, juvenile justice, child welfare, substance abuse or special education) who have complex needs.

VOLUNTEER OPPORTUNITIES

People Actively Linked with Students (PALS) Mentoring Program of Crawford County is a program designed to help at-risk children develop personally and academically through a supportive, one-on-one, mentoring relationship. PALS has two components: school-based and community-based. High school students who serve as positive role models to younger, at-risk children comprise the school-based portion. PALS is offered in the North Crawford, Prairie du Chien, Seneca, and Wauzeka-Steuben School Districts; Big PALS meet on a weekly basis with their Little PALS with whom they are matched. The community –based portion provides volunteer opportunities for caring adults to commit to mentoring needy youth for a minimum of one year. Background checks for mentors is a mandatory requirement.
