Migrating the new software has been challenging. There have been a few issues with the new software; owner first names and last names had to be merged in the owner last name field only, unable to do splits, etc. Local treasurers who are not receipting on the new software are having issues with how the "receipt" bills printed and using the alpha rolls. The assessment data and mapping data are not interfaced yet. Harriet Behar will be working on the Subdivision Ordinance. A grant was submitted for approximately \$130,000 to help pay for computer software, etc., but have not heard anything to date.

No CSM's for approval.
